Involvement Statement

As part of the collaborative effort at the Maya Angelou Public Charter School (MAPCS) we strongly believe that your role as parents and guardians is crucial. We value your input as we work to design an educational plan for your child. In order to create this plan we will need to talk with you regarding your child’s social, emotional, and historical background. It is important that your child sees you support them in their drive for academic excellence and therefore we ask that you commit to attend: at least two Parent Group sessions (held once a month) throughout the year, volunteer for at least one MAPCS sponsored activity/event each academic year, come to at least one family night per year and attend the midterm conference each term. Taking this holistic approach will enable the staff, parents, and students to be working toward a unified goal: academic and personal excellence. By signing below you are agreeing to this unified approach and your attendance at the stated events.
