

# MAYA ANGELOU SCHOOLS

## SEE FOREVER FOUNDATION

---

### **School Year 2025-2026**

### **MAPCS High School Credit Recovery Policy**

The goal of Credit Recovery is to reengage students who were unsuccessful at passing the initial course. Differentiation will be the focus to prevent disengagement and further failure. A student is eligible to enroll in Credit Recovery after he or she fails a course. Students may complete Credit Recovery by completing one of the following:

1. Traditional Classroom Learning/ Blended Learning where he or she will be scheduled into a class with a teacher who will review and assess content using one or a combination of projects, daily assignments, and/or online coursework.
2. Edgenuity where a student will complete and master content through the online platform at his or her own pace. The class will be customized by a teacher and monitored by a teacher or Academic Counselor. Once a student completes at least 60% of the content, passes a cumulative exam with at least 60% accuracy, and has an overall grade of at least 60%, he or she will be awarded the credit and the overall grade earned.

Credit Recovery may be completed without the obligation of attendance because a student may work at his or her own pace and be assessed according to his or her academic needs.
